

Equine Spa

ECB Equine Ltd, The Centre, Bourton Hill Farm, Bourton-on-the-Water, Cheltenham, Gloucestershire, GL54 2LF ~ 01451 822969 ~ info@equinespa.com

More Satisfied Customers..

With even more trainers and rehabilitation centres purchasing the spa, we thought it was about time to let you know what they think of the product...

Jim Bolger, successful and experienced Irish Trainer.

"The best equine invention since the bridle. I regard the ECB Equine Spa as the most important aid that I have encountered in over twenty years of training." He loved it so much, he has just purchased his second ECB Spa.

Jeremy Nosedá, one of England's leading young flat horse trainers.

"In my opinion it is the best addition to my yard since I started training"

Jeremy is currently putting up to 25 horses per day through the spa and is finding it much better than anything else he has used on his yard prior to the installation of the spa. Take a look at his website www.jeremynosedá.com

Jim Boyle and his fiancé Pippa have just installed the first Streamline Spa for both their racehorses and other Epsom trainers to promote Epsom as a training centre.

Pippa said *"We absolutely Love it!"* Find them at www.epsomequinespa.co.uk

2006 Calendar ~ a real seller

The 2006 Equine Spa Calendar was literally flying off the shelf at the end of last year. The calendar, which was produced to raise money for Cancer Research and The Injured Jockeys Fund, was featured in Horse & Rider, Cotswold Life and The Gloucestershire Echo and even found a spot on Channel Four's Morning Line.

The total money raised of £1200 will be split equally between the two charities.

We would like to thank everyone who was involved in the making and selling of the calendar.

Watch this space for a 2007 calendar!

ECB Equine Launches New Streamline Spa....

ECB are proud to announce the launch of its Streamline Equine Spa.

The ECB Streamline spa has been carefully crafted using stainless steel, as opposed to the usual fibre glass material.

The spa is ideally suited to yards with a smaller flow of horses and this is reflected in the price. Priced at £27,000 the spa package comes complete with full installation and training.

For more information please ring ECB Equine on 01451 822969.

Welsh Rugby Team take the plunge...

In early 2005 an Irish ECB Equine Spa owner decided to offer spa treatments to humans as well as horses. The results were phenomenal, and within two months the spa was seeing up to 100 human visitors per week.

Nine months on, we have seen the ECB Equine Spa installed into the Welsh Rugby Union training ground, just outside Cardiff.

Although Wales didn't have the best Six-Nation's season due to old injuries, the National Conditioning Coach, Mark Bennett, BSc Hons, was impressed with the spa and the effect it had on his squad.

"During the 2006 6-Nations Tournament we used the Equine Spa. It was used as an integral part of our training and recovery program. It is difficult to quantify the benefits the system provides but the facts are that the players requested to use it on a more regular basis as the tournament progressed.

They felt it decreased the soreness and fatigue they felt post game and training. It is a convenient system to use, easy to operate and maintain (especially in comparison to filling baths with bags of ice!) and offers a high degree of control in terms of the temperature of operation, the depth to which players require submersion and degree of agitation of the water. The spa has become a vital part of our preparation which we intend to use as part of our on-going training."

News from over the pond...

Well, what a great start it has been for The USA and ECB. With our first spa unit safely in Texas and the second on its way to The Woodbine Racecourse in Canada, The US is really starting to catch on to the workings of Cold Salt Hydrotherapy. The two exhibitions we have done so far have been amazing. The first show last year was The Rodeo Championships in Las Vegas and the Three Day Event in Kentucky only just last month. "The response from these shows has been truly phenomenal, bearing in mind six months ago ECB and Cold spa's didn't even exist in The US. This is a very exciting time for ECB and also for all those involved with horses across The States" Allen Gutowski, ECB Equine Spa, New Jersey, U.S.A.

New Half Door now available

The team at ECB Equine Ltd are continually looking at ways to improve both the performance and safety of the spas. With safety in mind, we are now pleased to be able to offer the "half door". The door is designed with the thoroughbred, youngster or difficult horse in mind. The door offers a safer option with better visibility for both the horse and the handler. It is easily interchangeable with the original door as and when required. For more information please telephone 01451 822969.

Horse News...

Congratulations must go to Shaun Lycett and Emily Mullis with "Peerless Motion" after coming a very credible 3rd at Uttoxeter, May 14th 2006. Normally a third place wouldn't credit a mention, however, Peerless Motion or 'Mo' to friends, suffered a complete rupture of the superficial tendon 5 yrs ago. Mo was lined up to be put down, but Sarah and Ean Branston thought they would give the horse a go through the equine spa and purchased the horse for £10 plus VAT. Mo was used for demonstrations; photo shoots etc and became a much loved horse at The Centre. As time went by it became clear that the leg was healing in a satisfactory way, so the decision was made to see if he enjoyed running again. Mo also had back problems and knee problems which made training the horse no mean feat. Congratulations to all connections.

ECB Exhibitions...

2006 Rolex Kentucky Three-Day Event

Ean Branston and Allen Gutowski both attended, with an equine spa, the 2006 Event. The spa was shipped from England over to the US, where Ean and Allen travelled it down to Kentucky. The Event was a great success for both ECB and congratulations Andrew Hoy, who was the overall winner at the show. He then went on to win at Badminton in May.

2006 Dubai International Horse Fair

This time it was Ean and Sarah who were exhibiting a spa at this year's show. It was in line with the 2006 Dubai World Cup, which was won by Godolphin's "Electrocutionist". Godolphin have recently had several ECB Spa's installed at their yards. The show itself went very well with great interest, as usual, in ECB and its products.

What's in stock?...
